

Smiles are on the house

It's what **you** expect.

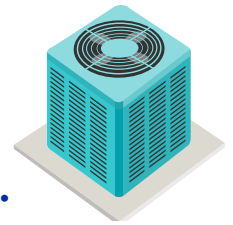

LONG LIVE HAPPY HOMES®

Expect to reduce the noise with the industry's most comprehensive HVAC coverage.

The HVAC system is the most complex and expensive of all the systems in a home. It's also by far the one most likely to experience a breakdown. At 2-10 HBW we strive to ensure you and your clients get the most out of the homeownership experience. A happy home is one that has functioning climate control for comfort and no surprises should a repair or replacement be necessary.

**50%

It's enough to make you **smile**, isn't it?

OUCH! Refrigerant limits from other providers won't leave you smiling.

Many warranty providers put dollar limits on the amount they will pay for refrigerants like, Freon®, which now has an average retail cost of over \$80 per pound.

In addition to high refrigerant costs, your client may pay:

- Non-covered recapture, haul away and disposal costs
- Non-covered SEER matching costs for full replacement

For a covered HVAC system repair with a \$10/lb limit the homeowner pays:

\$630[‡]

‡ For non-covered refrigerant cost. Dollar amounts based on a full system replacement requiring 9lbs of new refrigerant.
